

## DQ Series Headset - DQ70-129

### Cell Phone & PDA Industrial Communication Headset

- 2.5 mm stereo connection for use with WiFi® handsets, cell phones or PDAs.
- Dielectric construction.
- Dual receivers provide a crisp audio response.
- SED® lightweight noise attenuating earcups provide consistent, comfortable protection and superior sound quality. The wearer will hear important external sounds, like co-workers' voices more naturally, while blocking out harmful noise.
- The unique combination of an adjustable behind-the-head steel tension band and two fully adjustable Velcro straps provide day long wearing comfort and a secure fit even under a hardhat or helmet.
- The tension band ensures even pressure and a secure seal around the ears.
- Replaceable soft foam ear pads ensure the best comfort possible and a longer headset life span.
- Electret noise canceling gooseneck boom mic provides optimal flexibility, allowing the wearer to adjust the microphone precisely to their preference and comfort.
- Wind screen keeps microphone dry and improves clarity by eliminating wind noise.
- PVC cord jacket is durable, easy to clean and has good flexibility in -10o to 60o C.
- Available in High Visability Yellow, Yellow with Pewter ( as shown in photo) and all Pewter. Custom colours require special order.
