

Rescom® Modular™ Headset - S11

Communication Headset

- Dual receivers provide a crisp audio response.
- SED® lightweight noise attenuating earcups provide consistent, comfortable protection and superior sound quality. The wearer will hear important sounds like co-workers' voices and other critical communication more naturally while blocking out harmful noise.
- The unique combination of an adjustable behind-the-head steel tension band and two fully adjustable velcro straps provide day long wearing comfort and a secure fit even under a hardhat or helmet.
- The tension band ensures even pressure and a secure seal around the ears.
- Replaceable soft foam ear pads ensure the best comfort possible and a longer life span of the headset.
- Electret noise canceling gooseneck boom microphone provides optimal flexibility, allowing the wearer to adjust the microphone precisely to their preference and comfort.
- Wind screen keeps microphone dry and improves clarity by eliminating wind noise.
- Watertight twist lock termination.
- SEDFLEX™ retractile cord jacket is made of a durable, easy to clean, chemically resistant rubber with good flexibility in -40°C to 80°C.
- Bright yellow earcups increase visibility.
- Intrinsically Safe.

| Earphone | SED Inc. Hearing Protector, Dual Receiver | |
|-----------------|---|--|
| | NRR: | 24 dB |
| | Weight: | 500 grams |
| | Impedance : | 1200 Ohms |
